

F_Z FreeZ

we know our goal!

ABOUT US

Fz Freez is a young and dynamic floorball brand that is entering the sports world with a clear and concise vision. Our approach can be summarized in the following five steps:

First, we carefully **listen to the needs of players.**

Second, we **communicate** with clubs, players, parents, and others to determine specific requirements.

Third, we develop our products with great **care and attention to detail.**

Fourth, we provide comprehensive **support to teams and players.**

Finally, we strive for success for all involved.

Based in the **heart of Europe**, specifically in the Czech Republic, we have a highly experienced team of developers who have been working in the industry for over 20 years.

Our journey began with producing textiles and bags for teams that met their demands for quality and price. As time went on, we were asked to produce sticks for kids, and we did. This led to the development of sticks for adults and goalie equipment, which we pursued with full commitment.

TECHNOLOGIES

CIT

CARBONIMPACT Technology

Emphasizes that the sticks are designed to withstand heavy use and impact, while also incorporating the key feature of carbon as is lightweight and durability

TDU

TOUGHDURA Technology

Emphasizes the stick's durability and ability to handle rough play, while also incorporating the concept of toughness thanks to special technology of layering shaft material.

CFL

CARBONFLEX Technology

Name suggests that the sticks are designed to be both strong and flexy, while also incorporating the key factor of carbon and method of high press while producing.

PSS

PASSES, SHOOTING, SENSITIVITY

Name of the technology says it all. Thanks to special rig construction the blades are great in passes, shooting and also keeps its sensitivity which is much needed.

SPS

STRENGTH PASS AND SHOT

Blade which is ideal for player makers who enjoy to shoot. Slightly different ribs, strong frame and special material makes the blade a reliable partner.

FUSE

FAST, ULTRA-PRECISE, SENSITIVE

If you are looking for basics, this is not the case, meet our newest blades with fast response, thanks to frame and lower ribs precise passes and shots and also thanks to light weight high sensitivity.

HAND

HIGH-ADHESION NON-SLIP DESIGN

You are hearing right - finally the grip that provides safe grip - because that's what grip should do. No excuses - surface perforation and non-slipping coating = no sweaty grip!
